

III International Conference "Plant Ontogenesis in Natural and Transformed Environments. Physiological, Biochemical and Ecological Aspects" will be held on October 4 - 6, 2007 in the Ivan Franko National University of L'viv.

Ancient L'viv, which belongs to the list of historical and cultural heritage of UNESCO, is potent scientific and educational center of Ukraine. Department of plant Physiology and Ecology of L'viv University has long-term traditions of studies on problems of plant ontogenesis. It has strong potential, by the years of Ukraine independence it's PhD students wrote 15 PhD dissertations .

We are pleased to invite you to participate in the Conference. This international scientific meeting will be devoted to general theoretical and practical aspects of the problems of plant ontogenesis. One of the most important attributes of the Conference is the possibility to discuss scientific achievements and new ideas, to meet friends and make new contacts with colleagues from other countries.

WELCOME!

Prof. Vinnychenko O.M., Dnipropetrovs'k, Ukraine

Scientific program

The proposed topics are:

Session 1. Development of individual plants and preservation of biodiversity of natural flora
Session 2. Integrity of plant organisms and functional regulation of ontogenesis
Session 3. Mechanisms of tolerance of plants to biotic and abiotic stresses
Session 4. Phytomonitoring and phytoremediation of anthropogenic environmental pollution

Official languages:

English, Ukrainian

Organizing committee:

Head of the project, co-chairperson: Terek O., Dr.Sci., Prof., Plant Physiology and Ecology Dept., Ivan Franko National University of L'viv, Academician of Academy of Sciences of High School of Ukraine.

Chairperson: Mamchur Z., Ph.D., docent, pro-rector of Ivan Franko National University of L'viv

Co-chairperson: Hnatush S., Ph.D., docent, dean of Biological Faculty, Ivan Franko National University of L'viv.

Members: Tsvilyniuk O., Baranov V., Romaniuk N., Kobyletska M., Mykiyevych I., Patsula O., Velychko O., Djura N., Zakalyk H., Mamchur O., Javorska N., Kohanovs'ka Ye., Leluk A., Rykun L., Karpyn O., Korovetska G.
